

## John L. Terry, III

John is an Executive Director with The John Maxwell Team, and founder of TNT Ministries, Inc. He is also a Master Coach and Trainer with Real Life Management.

An ordained minister, John has served in several roles in pastoral ministry before he chose to devote his energy and efforts into helping churches raise up a new generation of transformational leaders. He has inspired, equipped and challenged pastors, church leaders and business professionals in the United States, Guatemala, Zambia and Cameroon to be true transformational leaders.

John is passionate about helping leaders not only develop themselves, but to learn how to recognize and raise up the leaders around them. Equipping, empowering and releasing the leaders within your church to influence others leads to positive life change and transforms the culture of your church, city, state and nation—one life at a time.

# The Leadership Gap

## The Leadership Challenge

*"Therefore go and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, and teaching them to obey everything I have commanded you."*

Matthew 28:19-20 NIV

The Great Commission is truly a call to leadership. It is a call for every believer to go, teach and make disciples - influencing culture for the Kingdom.

Jesus taught 12 men to become transformational leaders, influencers, who would lead by word and deed. Today, more than 2.2 Billion people around the globe profess to be Christians, as a result of men and women who were willing to be leaders in life - going, teaching and making disciples.

Yet the greatest growth in today's Christian church is taking place outside the United States.

## The Leadership Deficit

Of all the under-developed resources in our churches today is leaders. That is evidenced by what we see happening in our culture.

*"Americans are attending church less, and more people are experiencing and practicing their faith outside of its four walls. Millennials in particular are coming of age at a time of great skepticism and cynicism toward institutions - particularly the church,"* cites the 2016 Barna State of the Church Study. *"Add to this the broader secularizing trend in American culture, and a growing antagonism toward faith claims, and these are uncertain times for the U.S. Church."*

## Leadership is Influence

John Maxwell says, *"Everything rises and falls on leadership."* Yet one of the areas that is least taught in churches in America today is on leadership.

***Leadership is the model that Jesus used to bring about transformational change in the world.*** He developed the leaders that were around Him. In turn, these men went on to develop 120, then 3000, who went on to change the entire world.

## Equipping and Training Leaders

Our passion and our calling is to help churches and pastors more effectively equip and train leaders who can be mobilized to influence and add value to others, bringing about transformational change in your city.

Through our affiliation with The John Maxwell Team and Real Life Management, we bring world-class leadership and communications training to churches, pastors and para-church organizations, all from a Biblically sound, uniquely faith-based perspective.

Our ministry to the church community includes:

- Sunday or Midweek Services
- Pastoral / Staff / Volunteer Leadership Training
- Team-Building & Effective Communications
- Christian Business Leaders Conferences

Contact our office for scheduling information and available ministry or training dates.
